# Overview

Auriga IT Consulting Pvt. Ltd. was Founded in 2010 by IIT Roorkee Alumnus to bring higher standard to IT services.

Auriga IT holds expertise in providing Web and Mobile Application design & development solutions and has been a part of many noteworthy successful startup journeys fuelling them with right technology.

Our young team of over 90 people includes technology evangelists, creative mavericks and logical humans. Auriga has its office in Jaipur and with Sales Partnerships in UK and US.

# What makes Auriga

Excellent Services. Great Solutions. Lifetime of Relationships.

Auriga is a name of a constellation of stars and we strongly believe that there is a star in each one of us

We are a passionate group of people striving to make each day a learning and success. We live, breathe and exude Entrepreneurship. We stand to achieve the unconquerable, to experiment, explore and go beyond the obvious.

Amidst all the great work we deliver, we are always serious about having fun. We don't wait for an activity to happen, we celebrate and have fun with or without reason, on the go.

# Vision

To build a family of friends working together towards **quality and Innovative technology** Solutions.

The **Hunger for Excellence** be the drive and the **Spirit of Fun and freedom** be the strength.

To be the benchmark for the ever **Evolving technology start-ups and young Enterprise**.

# Creating Impact

## Smart City

Working as Technology Partners with Larsen and Toubro ECC (L&T) to provide efficient integrated solutions including Data Management for bringing the Smart City Dream alive. Our Team understands the importance of Technology and the widespread impact and is committed to use it constructively towards achieving the goal of Digital India.

## Easy Toll

Revolutionizing the Electronic Toll Collection on Highways and Facilitating toll collection through mobile app to make the process for efficient and easier. Our Solution is designed to increase the Serving Capacity of Toll Booths without additional expansion of infrastructure. We strongly believe that a country's progress is dependent on its highways and strive to make the Journeys on them more safe and comfortable.

# Who we work with

We believe in maintaining a long term relationship with **our clients** taking care of their present and future needs.
